AUDITORS' REPORT

To the Governors of
Northern College of Applied Arts and Technology

We have audited the following statements of **Northern College of Applied Arts and Technology** as at March 31, 2009 and for the year then ended:

Statement of Financial Position
Statement of Operations and Changes in Net Assets
Statement of Cash Flows

These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the College as at March 31, 2009 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

NORTHERN COLLEGE OF APPLIED ARTS AND TECHNOLOGY

Notes to Financial Statements

Year ended March 31, 2009

1. Significant accounting policies:

(a) Fund accounting:

The accounts are maintained in accordance with the principles of fund accounting. The operating fund accounts for transactions related to current operations. The capital fund accounts for capital assets and the transactions related to their acquisition, disposal, debt commitments and amortization. Restricted and endowment funds consist of scholarships and bursaries for future students of the College and other special projects whose funds are administered by the College as well as endowments from the Ontario Student Opportunity Trust Funds and Ontario Trust for Student Support Funds which report the resources contributed under these matching programs.

(b) Revenue recognition:

The College accounts for contributions under the deferral method of accounting as follows:

Operating grants are recorded as revenue in the period to which they relate. Grant amounts relating to future periods are deferred and recognized in the subsequent period when the related activity occurs. Grants approved but not received are accrued.

Unrestricted contributions are recognized as revenue when received or receivable if the amounts can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the period in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis at rates corresponding to those of the related capital assets.

Contributions received for endowment are reported as an increase in the endowment fund balance. Interest income earned on the resources of this endowment fund is reported in the restricted fund.

Tuition fees are recognized as revenue based on the number of teaching days within the period.

(c) Investments:

Portfolio investments are recorded at market value.

Sinking-fund investments are recorded at amortized cost.

1. Significant accounting policies (continued):

(d) Capital assets:

Capital asset purchases are recorded at cost. Property and equipment that are donated are recorded at their fair market value at the date of acquisition. Amortization of capital assets is recorded on the straight-line basis over the following periods:

Buildings	40 years
Site improvements and parking lots	20 years
Courthouse renovations	10 years
Furniture and equipment	5 years

(e) Employment-related obligations:

Vacation entitlements are accrued for as entitlements are earned (note 4).

Sick leave benefits are accrued where they are vested and subject to pay out when an employee leaves the College (note 4).

For the post-employment benefits (continuation of life, medical and dental during LTD), these benefits are accounted for on a terminal basis, in comparison to the non-pension post-retirement benefit which is accounted on an accrual basis. This means that the liability for the post-employment benefit is accrued only when a LTD claim occurs. For these benefits, the full change in the liability is being recognized immediately as an expense in the year (note 4).

(f) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates and assumptions include the carrying value of capital assets, valuation allowances for receivables; valuation of derivative financial instruments; and assets and obligations related to employee future benefits. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

Notes to Financial Statements

Year ended March 31, 2009

1. Significant accounting policies (continued):

(g) Financial instruments:

The College accounts for its financial assets and liabilities in accordance with Canadian generally accepted accounting principles.

The financial instruments are classified into one of five categories: held-for-trading, held-to-maturity, loans and receivables, available-for-sale financial assets or other financial liabilities. All financial instruments, including derivatives, are measured in the statement of financial position at fair value except for loans and receivables, held to maturity investments and other financial liabilities which are measured at amortized cost. Held-for-trading financial assets are measured at fair value and changes in fair value are recognized in net earnings.

In accordance with the generally accepted accounting principles of the College has undertaken the following:

- (i) Designated cash and portfolio investments as held-for-trading, being measured at fair value.
- (ii) The sinking-fund investment is designated as held-to-maturity, which is measured at amortized cost.
- (iii) Accounts receivable and grants receivable are classified as loans and receivables, which are measured at amortized cost.
- (iv) Accounts payable and accrued liabilities, vacation payable and long-term debt are classified as other financial liabilities, which are measured at amortized cost.

In December 2006, the CICA issued new accounting standards: Handbook Section 3862, *Financial Instruments - Disclosures*; Handbook 3863, *Financial Instruments - Presentation*. These standards were expected to be effective for the College's financial statements for the year ended March 31, 2009. However, in December 2008, the CICA eliminated the requirement for not-for-profit entities to adopt these standards. The College has continued to disclose and present financial instruments under Handbook Section 3861, *Financial Instruments – Disclosure and Presentation*, for the year ended March 31, 2009.

(h) Capital disclosures:

Effective April 1, 2008, the College adopted the CICA Handbook Section 1535, *Capital Disclosures* which establishes standards for disclosing information about an entity's capital and how it is managed. Adoption of these recommendations had no effect on the financial statements for the year ending March 31, 2009.

Non-pension post-employment obligations	\$ 572,000	\$ 579,000
Sick leave benefits	485,527	469,255
	\$ 1,057,527	\$ 1,048,255

The accrued benefit obligations accrued at March 31, 2009 amounted to \$395,000 (2008 - \$440,000). Benefit plan interest and current service costs recorded in the year were \$15,000 (2008 - \$32,000) and the amortization of actuarial gain of \$2,000 (2008 - \$2,000). The benefits paid out in the year were \$42,000 (2008 - \$25,000). These amounts represent the results of the actuarial valuation completed in March 2009.

The actuarial valuations of the plans were based upon a number of assumptions about future events, which reflect management's best estimates. The following represents the true significant assumptions made:

	2009	2008
Discount rate	5.5%	5.5%
Health Care Trend Rates		
- Drugs (reducing to 5.5% in 2018)	10%	10.5%
- Hospital and other medical	4.5%	8%
- Dental cost (reducing to 4.5% in 2014)	7%	7.5%

The College is liable to pay 50% of certain faculty members' accumulated sick leave credits on termination or retirement. The Ministry of Training, Colleges and Universities ("MTCU") currently undertakes the annual funding of these expenditures.

5. Long-term debt:

The long-term debt of \$4,439,000 is a loan payable to the Canada Pension Plan. The loan bears a fixed interest rate of 9.17% and is secured by a first mortgage on the student residence at the Porcupine campus. Under the terms of the loan agreement, interest payments of \$203,528 are made semi-annually and the principal amount will be repaid on July 1, 2012. By Board resolution, a 9.5% Province of Ontario sinking-fund investment will be used at maturity to retire this loan payable.

6. Deferred contributions:

Details of the continuity of these funds are as follows:

	2009	2008
Balance, beginning of year	\$ 3,930,275	\$ 3,658,278
Additional contributions received	7,848,971	9,763,223

Balance, end of year	\$ 2,182,237	\$ 3,930,275

7. Deferred capital contributions:

Deferred capital contributions represent the unamortized and unspent balances of donations and grants received for capital asset acquisitions. Details of the continuity of these funds are as follows:

	2009	2008
Balance, beginning of year	\$ 9,464,181	\$ 8,818,532
Additional contributions received	4,825,715	1,677,117

9. Pension plan:

Employees are participants in the contributory retirement pension plans administered by The Colleges of Applied Arts and Technology Pension Plan. Under these arrangements, the College makes contributions equal to those of the employees. Contributions made by the College during the year amounted to approximately \$1,629,812 (2008 - \$1,237,086).

10. Commitments:

(a) The College has a ten year lease with the Attorney General for a section of its Kirkland Lake campus for a courthouse at \$147,003 per year. The lease expires November 2013.

(b) The College has entered into agreements to lease certain premises and equipment.

The total annual minimum lease payments to maturity are approximately as follows:

2010	\$	376,598
2011		239,082
2012		221,317
2013		197,215
2014		126,546
	\$	1,160,758

(c) The College has committed to capital expenditures related to the construction of a new trades building. The current commitment of \$8 million is to be funded by the Ministry of Training Colleges and Universities.

11. Changes in non-cash working capital:

	2009	2008
Increase in accounts receivable	\$ (935,841)	\$ (205,481)

12. Contingency:

As at March 31, 2009, certain legal actions are pending against the College. An estimate of the contingency cannot be made since the outcome of these matters is indeterminate. Should any loss result from the resolution of these matters, such loss would be charged to operations in the year of disposition.

13. Financial instruments:

(a) Fair value of financial assets and financial liabilities:

The carrying values of cash, accounts receivable, grants receivable, portfolio investments and accounts payable and accrued liabilities approximate their fair value due to the relatively short periods to maturity of these items.

Market value of sinking-fund investments is \$4,083,880 (2008 - \$3,764,272).

The fair value of the long-term debt amounts to approximately \$5.125 million (2008 - \$5.5 million) as compared to its carrying amount of \$4.439 million (2008 - \$4.855 million). The fair value of the mortgage instrument was calculated using the future cash flows (principal and interest) of the actual outstanding debt instrument, discounted at current market rates available to the College for a similar instrument.

(b) Concentrations of credit risk:

The College is exposed to credit-related losses in the event of non-performance by counterparties to financial instruments. Credit exposure is minimized by dealing mostly with credit worthy counterparties such as government agencies and public companies. The College also enforces approved collection policies for student accounts.

14. Future accounting standards:

In September 2008, the CICA issued the following amendments and new accounting standards that will come into effect for the College's fiscal year beginning April 1, 2009:

Amendments to Accounting Standards that Apply Only to Not-for-Profit Organizations

The CICA issued amendments to the existing accounting standards applicable to not-for-profit organizations. The amendments affect the financial presentation and disclosure requirements for not-for-profit organizations.

Disclosure of Allocated Expenses by Not-for-Profit Organizations

The CICA issued Section 4470, *Disclosures of Allocated Expenses by Not-for-Profit Organizations*. This new Section establishes disclosure requirements for not-for-profit organizations that report expenses by function and allocate expenses to a number of functions to which the expenses relate. These not-for-profit organizations will be required to disclose additional information regarding their accounting policies adopted for the allocation of expenses among functions, the nature of these expenses, the basis on which the allocations are being made, and the value of the allocations.

The College is currently assessing the impact of these amendments and the new accounting standards on its financial statements.

15. Comparative figures:

Certain 2008 comparative figures have been reclassified to conform to the presentation adopted in 2009.
