NAME: _____ **DOB:** _____

DD/MMM/YYYY

Address: _____ **Contact Number:** _____

This student is wanting to complete training for the Common Core underground miner position. This course involves practical training including working as a miner in an operating mine. Students will be exposed to the following:

1. Working in a Safety Sensitive workplace, example open holes, mobile equipment, working from heights, energized sources. Mining tools such as jacklegs, scaling bars and uneven terrain.
2. Loud noises
3. Low level lighting
4. Dust
5. High temperature and humidity
6. Exposure to vibration both of the upper extremity and whole body

Please describe any YES answers in detail in the comment section.

Have you ever been treated for:	YES	NO	Additional Comments
Dizziness, fainting spells			
Epilepsy (Seizures)			
Ear Disease, deafness or problems			
Lung conditions (asthma, pneumonia, TB, shortness of breath, chronic cough, wheezing, spitting blood etc.)			
Heart disease			
High blood pressure			
Diabetes			
Back problems			
Joint problems			
Knee problems			
Carpal Tunnel Syndrome/ Hand and Arm Vibration Syndrome			
Any other medical conditions or symptoms			
Are you presently taking any prescribed or over the counter medication?			
To be completed by your Health Care Professional – Please review the answers to the above questions and provide your opinion on the student capabilities of performing the following actions of physical labour for an extended period of time?			
Lifting- approximately 120 lbs.			
Repetitive Bending and Twisting			
Walking on uneven surfaces			
Operating heavy machinery			
Lifting/Working above shoulder level (50lbs)
