

Mining Engineering Technician - Distance Learning

The Mining Engineering Technician program is a blended program combining on-site and distance learning. Students require the use of a personal computer to access course content, submit assignments, and complete online tests. It is recommended that students have the following minimum hardware requirements to effectively participate in the program.

Hardware Requirements

Operating System	Microsoft® Windows® 7 Professional Microsoft Windows 7 Ultimate Microsoft Windows 8/8.1 Microsoft Windows 8/8.1 Pro
CPU Type	AMD® Athlon™ 64 with SSE2 technology AMD Opteron™ with SSE2 technology Intel® Pentium® 4 with Intel EM64T support and SSE2 technology Intel® Xeon® with Intel EM64T support and SSE2 technology
Memory	8 GB RAM (minimum) 16 GB RAM (recommended)
Graphics Card	A graphics adapter supporting a resolution of: 1280 x 1024 with true color (minimum) 1600 x 1200 with true color (recommended)
Hard Disk	8 GB for installation (downloaded file) 4 GB for program files
Pointing Device	MS-Mouse compliant device
Media (DVD)	Download and installation from DVD
Browser	Internet Explorer® 9.0 (or later)
.NET Framework	Microsoft .NET Framework Version 4.5
Additional requirements for 3D modeling	
Memory	8 GB RAM or more
Disk Space	9 GB free hard disk available, not including installation
	1280x1024 True Color video display adapter 128 MB or greater, Pixel Shader 3.0 or greater, Direct3D®-capable workstation class graphics card. Note: Recommended video memory is 256 MB for normal images, and 512 MB for Medium Image Material Library images.
